Looking at the FY2022 CoC Funding Round

# 1. Basics about the CoC Competition

- The application is broken down into three main sections: individual project applications, a priority listing (the ranking) and an overall, coc system-wide collaborative application.
- The collaborative application is rigorously scored, question by question. Questions around governance and strategic planning, along with system performance are of greatest importance and realize highest point values.
- CoC's are evaluated based on their ability to demonstrate that they are advancing HUD's priorities and strategically moving toward eliminating homelessness.
- Just as HUD has done over the past few years, data and performance measurement of the CoCs homelessness response—ESG and CoC projects both individually and in the aggregate—are increasingly relied upon to determine the effectiveness of the CoC's work as well as its worthiness for funding.
- The FY2022 Continuum of Care Program Competition NOFO [Notice of Funding Opportunity] was released on August 1, 2022 and is due September 30, 2022.

# 1. Basics about the CoC Competition

- This year is a highly accelerated timeframe that also includes a series of internal deadlines which HUD requires be met including the posting of the completed application for the public after the CoC has voted to accept it.
- In addition to the funding for renewal applications, this year both DV Bonus and CoC Project Bonuses have been made available.
- Project Applications were solicited through an RFP publicly announced on August 5<sup>th</sup> and due on the 22<sup>nd</sup>.
- The CoC must notify project applicants if their application will be included in the CoC Consolidated Application submission 15 days prior to the deadline (outside of esnaps).
- HUD is continuing its two-tier funding process similar to previous years.

## 2. HUD's Policy and Program Priorities

- **Ending Homelessness for all persons.**
- **Working with an Equity Lens.**
- **Including Persons with Lived Experience.**
- **Reducing Unsheltered Homelessness.**
- **Improving System Performance.**
- **Using a Housing First Approach.**
- **Partnering with Housing, Health and Service Agencies.**

# 3. Funding

## Overview

Opportunities through HUD's CoC funding include the following:

- **Renewal Projects**

All current CoC projects are eligible to apply for renewals in this FY 2022 round. An RFP was issued on August 5<sup>th</sup> for renewal projects. After undergoing an internal monitoring review and a performance evaluation review by the HSPN's Performance Review Committee [PRC], the CoC will now vote on the PRC's ranking recommendation.

- **New Projects**

The CoC can also rank new projects that meet HUD's project criteria. This year no new projects were submitted. New Projects can be funded with CoC Bonus Funding or Reallocation dollars that shift funds from one or more existing projects that may be underperforming in order to create a new project or a new expansion of a project. (Reallocation doesn't decrease the CoC's overall funding cap. This year, no funding is being reallocated.

- **CoC Planning**

In previous funding rounds, the New Bedford CoC has applied for and received funding for planning. This year the planning grant is being proposed to renew last year's planning grant that funded a data specialist.

# 4. The Process

## Three Parts...

In order to compete with everyone else across the country, there are **THREE** separate parts of the application for which this Continuum is responsible:

- Project Listing
- Collaborative Application
- Project Application

**The City of New Bedford is the “Collaborative Applicant” representing the Continuum and as such, is responsible for submitting the complete CoC application on behalf of the whole Continuum...**

## 4. The Process

### HOWEVER...

Unlike many other grants, the CoC's Collaborative Application is a **reflection of performance and strategy over the course of an entire year** and is *not* simply a proposal to do something. Largely it's a reflection of  
DATA | PERFORMANCE | PROCESS.

The Collaborative Application is all about our *community's* response to housing crises and our entire system—proactive and reactive—in moving the needle forward to end homelessness for everyone. It is a **reflection of every part of the CoC**.
