

BRISTOL COUNTY CONTINUUM OF CARE

Governance By-Laws

Established May 17, 2024

ARTICLE I: INTRODUCTION, PURPOSE and MISSION

Section 1.0: Introduction

The cities and towns of Bristol County, MA coordinate a comprehensive response to homelessness through an organized Continuum of Care process. This Continuum of Care (CoC) is manifested through the Bristol County Continuum of Care (BCCC), a collective of community organizations, agencies; and individuals committed to working together to end homelessness.

The BCCC encompasses the entire range of services and housing needed to prevent, reduce and eliminate homelessness throughout Bristol County MA, except for the City of Fall River. The service area includes Acushnet, Assonet, Attleboro, Berkley, Dartmouth, Dighton, Fairhaven, Freetown, Easton, Mansfield, New Bedford, North Attleboro, Norton, Raynham, Rehoboth, Seekonk, Somerset, , Swansea, Taunton, Westport, and Westport Point. The BCCC, as the Continuum's membership component, works to create a strategic and efficient system that includes preventative services, emergency shelters and permanent housing.

To support these efforts on an annual basis, the U.S. Department of Housing and Urban Development (HUD) issues a Notice of Funding Opportunity (NOFO) that competitively seeks applications for Continuum of Care for housing for persons who are experiencing homelessness according to HUD definitions and meet the eligibility criteria and priorities as defined within CoC's written standards as amended. This NOFO requires evidence that the Continuum of Care coordinates a community-driven strategic approach relying on a series of performance targets that will ultimately lead to the elimination of homelessness within the CoC.

The BCCC is the product of a merger in 2024 between two adjoining Continuums: GBCATCH (MA-519) and New Bedford (MA-505).

These bylaws have been developed to minimize questions of procedure, expectation, and responsibility within the BCCC, thereby ensuring that the work of this Continuum remains on target and focused on the product and its substance in the future.

Section 1.1: Purpose

The BCCC is the membership component of the Bristol County Continuum of Care for outreach to vulnerable populations and to ensure the movement of those individuals and families through a compassionate system of housing and support into permanent independent housing. In so doing, the BCCC strives to:

- 1) Promote community-wide commitment to the goal of ending homelessness.
- 2) Coordinate a region-wide systematic approach to helping vulnerable residents move from experiencing homelessness to permanent housing.

- 3) Provide a network which shares ideas, concerns, and resources applicable to homeless issues and to foster collaboration in addressing the needs of those experiencing homelessness.
- 4) Increase community awareness and dialogue as to precipitators of homelessness, the needs of those experiencing homelessness and ways to strategically end homelessness throughout the Continuum.
- 5) Participate actively in state and local advocacy for homeless issues. It does so by adhering to its mission statement, which was revised and adopted by the membership in 2024.

Section 1.2: Mission Statement

To advocate on behalf of unhoused individuals and families by enlisting the cooperation of those with lived experience and expertise, homeless providers, organizations and community stakeholders in order to strategically provide shelter, services and housing resources as appropriate, improve accessibility to existing and future public resources, maintain statistical data on the work of the Continuum in serving those on the precipice of, or experiencing homelessness and/or those unsheltered, and provide supportive services and empowerment strategies to allow individuals and families to be integrated into the community through a compassionate continuum of care system. In so doing, the BCCC is committed to the concept that each person is entitled to live in dignity.

Section 1.3: Responsibilities

- 1) Continuum of Care Planning – The BCCC, acting through its administrative agent and its Collaborative Applicant, the City of New Bedford’s Office of Housing and Community Development (OHCD), ensures the coordination of a housing and service system that encompasses the following:
 - Outreach, engagement, and assessment;
 - Shelter, housing, and supportive services;
 - Prevention strategies
- 2) Point-in-Time Count – The BCCC conducts a biennial point-in-time count of homeless persons within the Continuum of Care.
- 3) Gaps Analysis – The BCCC conducts a periodic gaps analysis of the homeless needs and services available within the Continuum of Care.
- 4) Consolidated Plan – The OHCD, in its role as the CoC Administrator and Collaborative Applicant, solicits input from the BCCC relating to the homeless needs assessment and homeless facilities components of the City of New Bedford’s Consolidated Plan and works collaboratively with any other municipal entity seeking similar input for their local purposes.
- 5) Emergency Solutions Grant Consultation – The BCCC consults with the Commonwealth of Massachusetts and relevant Emergency Solutions Grant programs in order to better understand need and allocations for Emergency Solutions Grant program funds and for reporting and evaluating the performance of Emergency Solutions Grant program recipients.
- 6) Preparing an application for funds - The OHCD is recognized as the HUD Collaborative Applicant and is responsible for overseeing the BCCC’s development of applications and the approval and submission of applications in response to NOFOs for CoC programming published by HUD.
- 7) Data – The BCCC has designated a Homeless Management Information system (HMIS) system for its geographic area. The OHCD serves as HMIS Lead to ensure oversight of the CoC’s data system, secured and controlled user access to an HMIS platform and consistent participation of recipients/subrecipients in HMIS. The HMIS Lead has responsibility for ensuring the system is administered in compliance with HUD requirements as updated.
- 8) Other tasks and projects as identified.

Article II: MEMBERS AND MEMBERSHIP MEETINGS

The BCCC membership is open to organizations including state and local agencies, public housing authorities, non-profit organizations, business entities, legal /law enforcement, faith-based organizations, developers, educational entities, victim service providers, school districts, behavioral health agencies, hospitals, health care/medical communities, organizations that serve veterans, older adults, homeless and formerly homeless individuals and other related organizations, community groups and interested stakeholders and citizens residing within the Continuum of Care. Of particular importance in ensuring a robust BCCC membership is engaging diverse representation that includes racial/ethnic, geographic and lived experience representation.

Collectively, BCCC membership anticipates, addresses, works with and remediates homelessness and its precipitating factors within the Continuum.

Interested individuals or organizations may obtain a Membership Application from the BCCC's website or through the BCCC's Administrative Agent (OHCD). New members must be approved by the BCCC's Board of Directors. Each member organization shall have one vote in BCCC business.

In addition to these organizations, the BCCC also invites individuals who are either currently, or have previously experienced homelessness, to participate as members; although in order to ensure privacy and confidentiality, the BCCC does not maintain a roster of such names unless given the authority to do so by the individual.

Governing Rules of Order: Unless otherwise specified by these bylaws, the BCCC will be governed by Robert's Rules of Order. Meetings of the BCCC are open to all.

Section 2.0: Levels of Membership

Only active BCCC members are given a voice in the decision-making progress for issues brought before the BCCC (affording one vote per member organization and homeless consumer on issues requiring a vote). Such issues may include the identification of homeless needs and prioritization of projects for the annual Continuum of Care application. Active membership also allows organizations access to federal homelessness funds received from HUD and administered by the OHCD.

Section 2.1: Membership Agreement

The BCCC Membership Agreement is an annually signed pledge of commitment to participate in the BCCC and serves as the basis of voting membership in the network. Membership agreements are distributed by, and upon execution must be returned to, the BCCC through the OHCD. Membership is typically held either by an organization, agency, or office (rather than individually by employees or members of those entities) and may also be held individually by those who are, or formerly were, homeless or in other circumstances as may be determined by the BCCC Board of Directors. To retain the privilege of being a voting member, an organization, community member or homeless consumer must maintain active membership in the BCCC.

Section 2.1.1: Member

A member is any organization or individual consistent with the criteria outlined who agrees to the obligations and privileges of being a member of the BCCC. Such agreement is formalized by completing and signing a Membership Agreement. Attendance at seventy-five percent (75%) of the regular monthly BCCC meetings is encouraged.

Section 2.1.2: Non-Voting Member

A Non-Voting Member is one who does not have voting rights.

A member organization, as identified in Section 2.1, may choose to be a non-voting member. They may retain all other benefits of membership.

An individual or organization that does not meet the organization definition in Section 2.1 may join as a non-voting member, as long as they subscribe to the purposes and basic policies of the BCCC.

Section 2.1.3: Representatives and Alternates

Each member organization may have one or more representatives. Organizations may have more than one individual attend meetings; however, the organization must designate only one representative for voting purposes.

Section 2.2: Resignation of Members

Any member organization may resign from the BCCC by delivering a written resignation to the BCCC Chair or OHCD.

Section 2.3: Termination of Membership

Membership in the BCCC may be terminated for any action by a member who repeatedly violates the mission, spirit, or purpose of the BCCC. Removal based on detrimental actions shall require the affirmative vote of three-quarters (¾) of the BCCC's Board of Directors a part of which must include the OHCD representatives on the Board of Directors. At the meeting, the member shall be entitled to respond to the stated reasons for the termination and be heard in his or her own defense.

Section 2.4: Reinstatement of Membership

If a member has been terminated, they may reinstate their membership by submitting a letter to the BCCC Chair or designee which will be presented to the BCCC Board of Directors for a formal vote.

The Continuum of Care has set a goal of providing consistent, accurate data in all areas of collection and reporting, including the PIT and HMIS. The PIT committee shall convene no less than twice monthly from November through January and should periodically report to the BCCC Board of Directors prior to and immediately following the PIT count.

Local health systems have increasingly focused on the social determinants of health, and those experiencing homelessness and housing instability are especially prone to poor health outcomes because of their circumstances. This committee connects the work and resources of BCCC agencies with those of the area's leading hospitals and health care providers to improve and coordinate the response to those experiencing homelessness.

Racial Equity Committee:

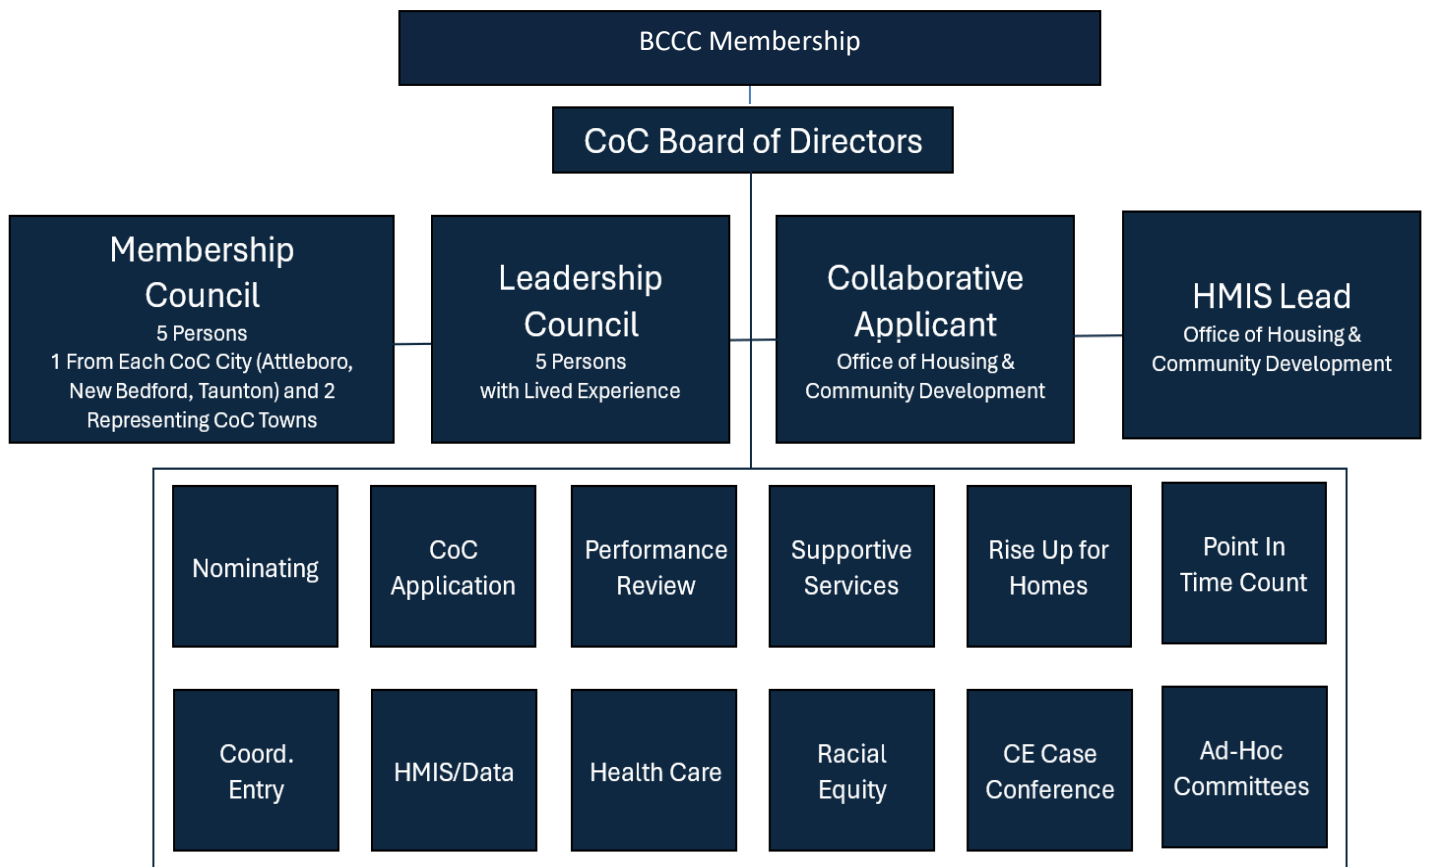

The Racial Equity Committee, working in a manner consistent with, and supportive of, the *2024 Racial Equity Assessment and Action Plan*, is responsible for developing constructive dialogue, analysis and proposed actions to affect more positive outcomes and experiences for minorities disproportionately impacted by conditions leading to or experiencing homelessness.
